Product Care & Warranty

Product Care

Paradise Outdoor Designs furniture never needs to be painted or stained because it is built with recycled plastic that will not rot or splinter. The color will never wear off because it is embedded throughout the product. A UV protective agent keeps fading to a minimum. Poly furniture is not affected by most corrosive substances, and will not promote bacterial growth.

Cleaning is easy. Most dirt wipes away with nonabrasive soap and water using a soft sponge. Tight corners can be cleaned with a plastic bristled brush. Surface dust can simply be hosed off. Stubborn marks can be removed with a magic eraser. For rust spots, scrub the furniture with Iron Out. For a deep clean, use a pressure washer on the lightest setting and at no more than 1,500 psi. Do not place the tip of the pressure washer closer than 10"-12" from the furniture or it may damage the finish.

Surface protection - Flower pot residue should be removed regularly to prevent staining. Do not use sharp objects such as knives on your furniture. Avoid setting items with sharp edges on the furniture, including tools, metal, gravel, or dirty items. To avoid melting, do not place hot items directly onto the furniture.

All fasteners on *Paradise Outdoor Designs* furniture are 316 grade stainless steel. This high-grade stainless steel will not rust in a normal outdoor environment. If your furniture is heavily exposed to saltwater, occasionally rinse it with fresh water to maintain a rust-free surface.

All fasteners should be checked periodically for tightness.

Simple cleaning is all you need to do to enjoy beautiful *Paradise Outdoor Designs* furniture for many years!

From our shop to your home, our goal is simple: elevate everyday living by spending more time outdoors.

Our family has been crafting quality furniture for over 27 years in the farmlands of Amish Country. Today, our second-generation makers use the skills their father, a distinguished woodworking craftsman, passed down. This dedication to quality, and sensibility for producing beautiful furniture inspires us to create outdoor furniture that is both lounge-worthy and highly durable.

Our all-weather poly lumber designs are crafted from the highest quality, high-density polyethylene plastic. The result is highly durable furniture that is UV, moisture, and pest-resistant, so it can be enjoyed in all seasons and climates.

Our collections of colors and wood-grains won't fade or transfer on cushions or clothing – even when wet. And, you'll find that our furniture can withstand hot sun, snow, rain, salt spray, and even rambunctious kids and dogs.

We've designed our furniture to be low-maintenance – just how outdoor living was meant to be. Simply wipe clean with soap and water as needed. No additional staining, treatment, or upkeep is needed.

From porch-sitting to pool parties, cozy bonfires, and everything in between, we hope our outdoor furniture will become a well-used backdrop for family gatherings, fond memories, and cherished traditions.
